OPENING IN DECEMBER 2019!!

1, PLACE JEAN-MICHEL BASQUIAT, PARIS 13^e

In keeping with her desire to develop new venues in upcoming areas, agnès b. met with Jérôme Coumet, mayor of the 13th arrondissement of Paris in 2017. She then decided to open “La Fab.” at **1, PLACE JEAN-MICHEL BASQUIAT**, in a neighborhood enjoying a cultural and architectural revival. A new and young Paris with a dazzling future! Located at the heart of a brand new 1,400 sq. meter home designed by Augustin Rosenstiehl from SOA Architectes, for its opening, La Fab. will present the agnès b. collection, consisting of more than 5,000 works, in **THEMATIC EXHIBITIONS**. It will also be the new home of **LA GALERIE DU JOUR**, which will offer an eclectic and constantly evolving scenography. La Fab. will also house **LA LIBRAIRIE DU JOUR**, a participative bookstore, where publishers will be invited to contribute to the selection and presentation of works on display. **LE POINT D'IRONIE** will be distributed here. Finally, La Fab. will spotlight the social and humanitarian actions supported by **AGNÈS B. ENDOWMENT FUND**, as well as agnès's environmental activism, spearheaded by **FONDATION TARA OCÉAN**.

agnès b. à **SHIBUYA**

... on va enfin ouvrir à Shibuya !

J'aime beaucoup Omotesando et on est pas très loin d'Aoyama.

Mais ce petit coin de Cat Street et tout ce coin très vivant plein de jeunes avec des toutes petites boutiques, j'aime beaucoup ce coin là et je suis ravie qu'on ouvre là ! En plus on a un mur pour faire travailler des artistes, on a un café, on a plein de surprises et puis surtout j'espère qu'on y verra l'amour que j'ai pour le japon ... et le respect que j'ai pour ce peuple, et pour la beauté, la beauté de ces habitants.

Bienvenue à Shibuya, welcome to Shibuya... dear friend !

I love you, I love Tokyo, people ... and the city

The Tara expedition in 2019 will be dedicated to the study of microplastics pollution in Europe and the mouths of rivers.

agnès b. *et* TARA

Involved on the microplastics topic in the oceans for more than 10 years, the Tara Ocean Foundation wants to explore and identify the flux of plastic waste from land to sea in order to stop it.

MISSION MICROPLASTICS 2019 FROM JUNE TO NOVEMBER 2019

4 European maritime façades crossed & 10 major European rivers explored

THE MAIN OBJECTIVE

compare the type of plastic pollution & determine the exact origin of the plastics found at sea and their impacts on marine biodiversity

ON THE OCCASION OF TARA'S STOPOVER IN MARSEILLES,

agnès b. presents the objectives of this new mission from September 9 to October 5, 2019 in her shop 31-33 cours d'Estienne d'Orves, Marseilles (old port)
